

## Redefining IP Dome Performance

### Sarix™ ID Series Indoor IP Dome Cameras. Pre-Order Today!

*Fast and Easy Installation that  
Requires Practically No Tools*

Your chance has arrived to own the world's most advanced indoor network fixed dome camera. The Sarix ID Series raises the bar by combining the powerful performance of Sarix technology along with innovations and benefits not found in any other integrated dome. Pre-ordering is now underway and units start shipping in November, 2009. From the remarkably easy installation, to the innovative Auto Back Focus that can achieve perfect focus after the dome has been installed, the Sarix ID Series sets a new standard for features and performance. High-quality interchangeable CS mount lenses, along with an optional 15-50mm lens, further enhance versatility. Contact your local Pelco sales representative today to order, or visit [www.pelco.com/ip](http://www.pelco.com/ip) to learn more about these industry-leading imaging systems.

by Schneider Electric

# Sarix Mega-Performance Technologies

With Sarix technology, best-in-class imaging science delivers standard-definition to high-definition (HD) resolution images, advanced lowlight capabilities, consistent color science, and unmatched processing power. Built upon the three pillars of innovative imaging science, sophisticated industrial design and advanced process power, Sarix is a truly revolutionary new approach to video security.
