

Sarix™ IM Series Mini Indoor IP Dome Cameras. Pre-Order Today!

IM Series Systems Deliver Outstanding Image Quality

The video security industry's most advanced technology platform is now available at a price that works with any budget. Compact, powerful and surprisingly affordable, the new Sarix IM Series Mini Indoor Fixed Network Dome is now available for pre-order. Featuring the most popular features and functionality of Sarix technology, these 1.3 megapixel or standard-definition cameras deliver best-in-class low imaging science, H.264 compression, consistent color, auto-focus for HD cameras, and more.

Available for pre-ordering today, Sarix IM Series Mini Indoor Network Domes start shipping in the fourth quarter of 2009. Contact your local Pelco sales representative today to order, or visit www.pelco.com/ip to learn more about these powerful, affordable imaging systems.

by Schneider Electric

Designed to capture the most amazingly clear and detailed video, Sarix technology sets a new standard for the video security industry. This powerful platform combines best-in-class imaging science for high-definition (HD) and standard-definition (SD) resolution images, advanced lowlight capabilities, consistent color science, and processing power. Sarix is a truly revolutionary new approach to video security.
